

Happy hour app

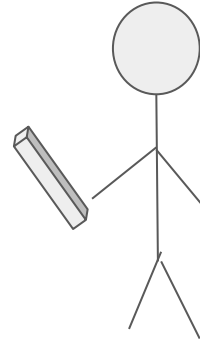

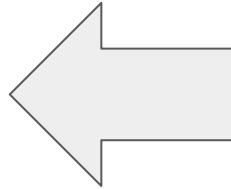

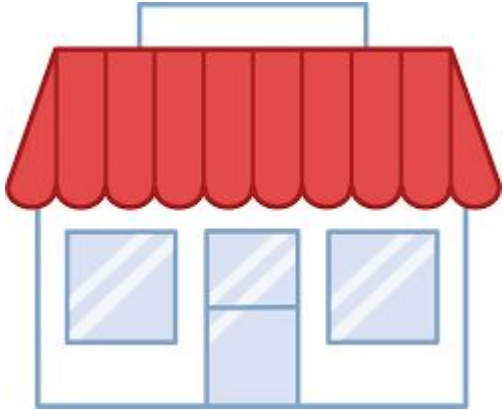

Team Enterprise - Group member:

- Obiechi Samuel Ebuka
- Gulam Mohiuddin Abdul Qader
- Shohiduzzaman Shakil
- Muhammad Haziq Farhan bin Mohd Lip

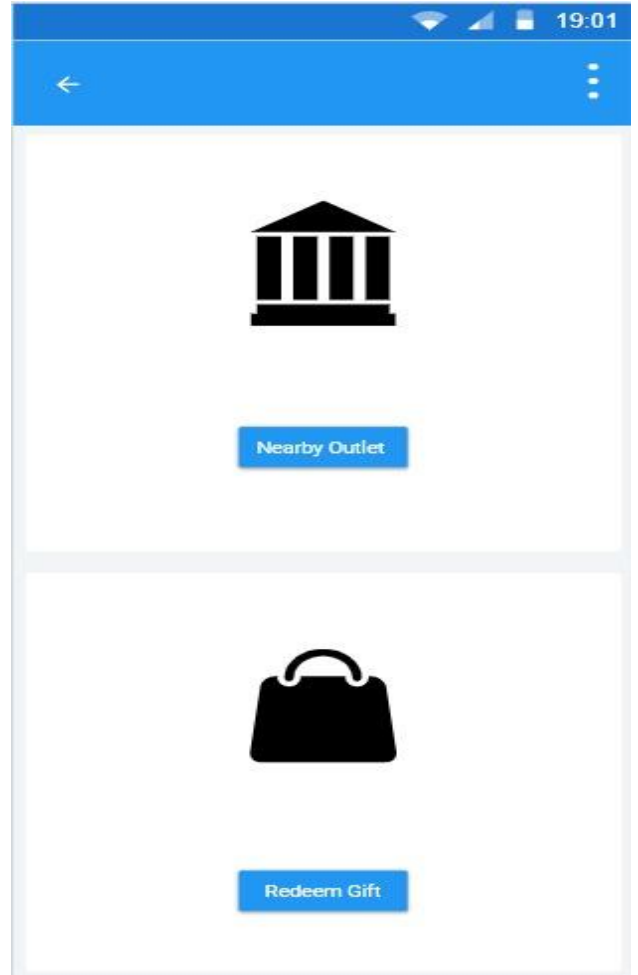

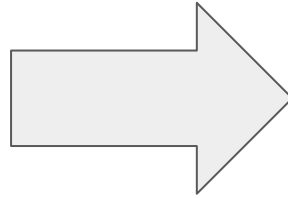

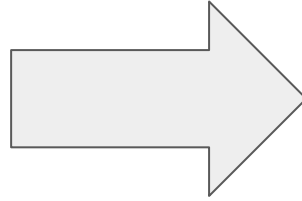

Introduction

- Our app introduces a new way for delivering gifts to the user from nearby shops
- For a certain shops, they would distribute gifts to the user whenever the user want to claim a reward when they fulfill the criteria.
- This app utilizes the robotic technology as well as mobile phones location services in order to automate the delivery task.
